## Instructions for creating an account

\*\*\*\*\*

On the left under the ([Log in](#)) button is a selection(**Create and account**).

**Read The Instructions Below and Then:**

Select the option (**Create and account**) and continue with the fill ins.

\*\*\*\*\*

## Username and Password Rules Below

\*\*\*\*\*

**Username:**

1. Use **at least** 6 alphanumeric digits combined with: **At least** One Uppercase letter and or **At least** One Lowercase letter.
2. It should **not** contain your password, real name or company name.
3. It should **not** contain personal information.
4. It **should** be significantly different from previous usernames.

**Example:** us5erN

\*\*\*\*\*

**Password:**

Note: People think a short set of random characters like "\*K>#)0\$j4" is super secure, but a long string of memorable words like "golfkangaroo crispyhalitosis" is actually stronger.

1. Use at least **12 alphanumeric** digits combined with:

- a. **At least** One Uppercase letter
- b. **At least** One Lowercase letter
- c. **At least** One Number
- d. **At least** One Symbol. (**No spaces allowed.**)

2. It should **not** contain your user name, real name or company name.

3. It should **not** contain personal information.

4. It **should** be significantly different from previous passwords.

Examples: pasx!word18U      i1ove2goBoat!ng

\*\*\*\*\*

If you do 4 incorrect entries you will be locked out for 3 hours.

\*\*\*\*\*

When you get the message your account has been approved **delete** the message and go **directly** to the MYC web site and sign-in.

\*\*\*\*\*

**It would be helpful to print out these instructions while creating an account.**

**USE BACK ARROW to RETURN TO MYC WEB SITE**
